COUNTY COMMITTEE RECOMMENDS LIST OF OFFICERS.

Democratic County Committee Met at Court House Yesterday.

LIST OF NAMES SUBMITTED

For Democratic Officers To Serve at the August Primary.

Pursuant to a call issued by W. D. McIntyre, Chairman of the Bourbon County Democratic Committee, the committee met in the Court House, yesterday afternoon.

The meeting was called to order by Chairman McIntyre. A motion by Committeeman J. Will Thomas, that the following list of names be certified and recommended by the Bourbon County Democratic Committee to the State Election Commissioners as suitable persons from which to select a Democratic Election Commissioner for the ensuing year was unanimously adopted: A. S. Thompson, B. B. Marsh, Jno. T. Collins, Joe Leach, E. T. Hinton.

The following list of Democratic officers to serve at the August primary was certified for recommendation to the State Board of Election Commissioners:

The following motion was made and carried:

I move the following names be certified to the State Election Commissioners as suitable persons from which to select a Democratic County Election Commissioner for County for the following year:

A. S. Thompson, B. B. Marsh, Jno. T. Collins, Joe Leach, E. T. Hinton.

WORK IN RESURFACING MAIN STREET BEGUN IN EARNEST.

After a series of delays, due in part to a slight misunderstanding between representatives of the city and the L. W. Johnson Co., of Memphis, Tenn., the kinks finally straightened out, and the work of resurfacing Main was actually begun yesterday morning. The contractors put a small force of men to work between Third and Fourth streets and the progress they made was so satisfactory that a large force will be put on this morning, weather conditions permitting, and the work will be pushed ahead as fast as possible. All the machinery for the rapid handling of the work is on the ground, and only unseasonable weather will retard progress.

The work is being done under the personal supervision of Superintendent I. O. Barnett, who has been with the firm for the past seven years in that capacity. The work is expected to be completed in thirty days. Three squares will be worked over at a time, down to the foundation, and the resurfacing completed before proceeding with the work on the next three.

The "chug, chug" of the steam roller and the sound of busy picks biting into the old surface are again familiar sounds to the ears of Paris people. Also the usual crowd of "inspectors" line the streets where the work is in progress.

At a special meeting of the City Council last night the contract between the city and the Johnson Company was accepted and signed, and the work will now proceed without let or hindrance. Glory be!

CAMDEN WILL REMAIN ON DUTY AT CAPITAL.

Senator Camden has decided that he will remain in Washington throughout the Kentucky Senatorial campaign, in which he is a candidate for the short term. Consultations with the President and with his colleagues have convinced the junior Kentucky Senator that the legislative situation is such that he cannot leave Washington without neglecting his official duties. The Senate is considering anti-trust legislation and will have it under consideration until August 1, at the earliest, so that Mr. Camden has decided he must leave his campaign for re-election to his friends.

"I want to be of such aid to the President as I can," said Mr. Camden. "He believes, and I agree with him heartily, that Congress should remain here until the trust bills are passed and then adjourn. I am a part of Congress, and, therefore, it is my official duty, as well as my party service, to stay in Washington. It may be that I can get to Kentucky within a day or two of the primaries, but that remains to be seen and is dependent entirely on the progress of legislation."

For some days the Senator and his secretaries have been conducting his campaign for re-election by letter. Now that Mr. Camden has finally decided that he cannot return to Kentucky at all during the Senatorial campaign, the letters will continue to be sent out by the thousands, and on these Mr. Camden will pin his hopes of election, which he says will be the ratification of his choice by Governor McCreary.

The House having no business of special importance to transact, many of the Kentucky members will go home this week to remain until after the primary.

MUDDY FORD DEMOCRATS ORGANIZE THOMAS CLUB.

A "Muddy Ford Thomas Club" was organized by the Democrats of Oxford and Turkeyfoot precincts, in Scott County, at Muddy Ford, with the following as officers: H. C. Fields, President; W. M. Marshall, Vice President, and Ennis Shirley, Secretary and Treasurer.

The meeting was held in the Muddy Ford school building with an attendance of a crowd of Democratic voters estimated at from sixty to eighty-five in number.

Muddy Ford being located on the line of the Oxford and Turkeyfoot precincts, it was decided to include the entire of the two precincts in the organization and a committee was appointed to solicit membership to the club. The club will meet each Friday night until the August primary.

From the expressions heard from those present it was evident that the Democrats of Muddy Ford community are practically solid for Thomas for Congress.

UNITED STATES WILL LIKELY RECOGNIZE NEW GOVERNMENT

WASHINGTON, JULY 16.—The United States to-day instructed John R. Silliman, American Consul at Saltillo to inform General Carranza that if he arrives at peaceful agreement with the Carbajal Government for the transfer of power at Mexico City, recognition will be extended to the resultant administration.

Should Carranza refuse to complete the settlement of the international conflict by diplomatic means and insist on a forcible entry into Mexico City, recognition will be deferred until there is a legal election. American forces, according to present plans will not be withdrawn from Vera Cruz until a government is recognized.

This determination was reached by President Wilson and Secretary Bryan, after the viewpoint of the South American mediators was laid before them. Under the terms of the protocol signed at Niagara Falls, the United States, Argentina, Brazil and Chile went on record promising recognition between the two Mexican factions. To vitalize that protocol the Washington Government and the mediators now are bending their efforts.

BETTER BABIES COMING BACK IN STYLE.

People Have Discovered That Neglecting Babies is Bad For Nation.

BETTER BABIES CONTEST

Will Be Held in Paris at Public School on July 20-31.

For a good many years babies have been receiving the attention they deserve. We have been reading about pets like lap dogs, Angora cats and trained monkeys. We have heard that women of fashion, who set the pace for other women to follow, have been going in for all sorts of records, golf, tennis, swimming, mountain climbing, bridge, etc. But nobody has been talking much about making a record in raising healthy babies.

Then suddenly, people discovered that neglecting babies was a bad thing for the nation. Social workers began to organize Mother Clubs in the congested districts of the cities for the purpose of interesting mothers in the proper care of their babies. Then along comes Mrs. John Hays Hammond, one of the country's recognized social leaders, with a society for the better education and training of rich children. In the suburbs of richest New York a little woman started a school of mothercraft. What was the result? Mother and baby came back into style, and now everybody in talking about better babies.

The Woman's Home Companion, a magazine which reaches all classes of mothers, was the first to recognize the importance of making babies fashionable. It organized a Better Babies Bureau, whose object was to spread the Better Babies Contest idea all over the country. The publishers recognized that the best way to preach this beautiful gospel was through the State and county fairs, at which city and county mothers meet. Last year there were Better Babies Contests at three hundred State and county fairs. One hundred thousand babies were examined, and are better babies to-day because their mothers learned something of the Better Babies idea at these contests. This year it is expected that 200,000 babies will be examined under much better condition, and by physicians who have gained through the past year's experience a better idea of the contest and its objects.

A Better Babies Contest will be held at Paris, July 20 to 31. Why not enter your baby in this contest?

The Woman's Home Companion offers two medals to fine, healthy babies, who will be judged by the Better Babies Standard Score Card for physical and mental development. To highest scoring boy between ages of 6 and 36 months, and to highest scoring girl between ages of 6 and 36 months, each a bronze medal.

Better Babies Diplomas to first prize winners in all classes, and to each child examined in the contest, a beautiful Certificate of Examination showing the record made by the child, and enrolling it permanently in the nation-wide ranks of better babies.

The medals, sample score cards, diplomas and certificates are on display in C. O. Hinton's window, with the picture of the Honor Roll of the Babies Health Contest, held last year and one of the score cards used at that time.

In addition to the satisfaction of having your baby tested, you will receive literature and information of interest to you as a parent. There will be a Better Babies Health Exhibits with charts, posters, bulletins and informal talks on the care of the child. This will be held July 31 at the Public School and all interested persons are invited to come.

If you are interested in babies and in your baby in particular, write to the superintendent of the contest, or to the Secretary of Entries and Enrollment Committee for further information, or telephone E. Tenn. 386, E. Tenn. 670, or Home 461. Entries will be received until noon July 29.
